OPINION OF THE COURT

AS AN UNPUBLISHED DECISION, THIS OPINION DOES NOT SERVE AS PRECEDENT.

PER CURIAM:

After careful consideration of the record, submitted without assignment of error, we affirm the findings and the sentence as approved by the convening authority. Art. 66(c), Uniform Code of Military Justice, 10 U.S.C. § 866(c).

As the appellant is entitled to have his official records reflect the result of his court-martial, *see United States v. Crumpley*, 49 M.J. 538, 539 (N.M.Ct.Crim.App. 1998), we direct that the supplemental special court-martial order reflect that as to Specification 3 of the Charge the offense was committed on or between 1 November 2008 and 1 December 2008, not 1 December 2009

as the current order states, and that as to Specification 5 of the Charge it should reflect that the offense was committed during the period commencing on 29 December 2008, vice "29 Dev 08." In addition, to comply with the pretrial agreement and to remove a possible ambiguity, the supplemental special court-martial order should state that "all confinement in excess of 150 days is suspended for the period of confinement served plus six months thereafter," not "all confinement in excess of 150 days is suspended for the period of confinement served plus six months thereafter from the date of this action."
