### 3. Mission

a. As described in reference (a), the mission of Naval Legal Service Command (NLSC) is to provide legal services worldwide to support fleet and shore command readiness, the effective operation of the military justice system and to perform such other functions or tasks as may be directed by the Chief of Naval Operations.

c. Area Coordination. DSOs and RLSOs are also subject to their respective area coordination authority or to such other commands and activities in the applicable geographic area as may be designated by applicable regulation or instruction. Area coordination is further described in enclosure (3).

d. NJS is a shore activity in active status that reports directly to Commander, Naval Legal Service Command (CNLSC). NJS missions, functions and tasks are described in reference (d).

5. Overseas Diplomacy. DSOs and RLSOs located overseas serve as an effective instrument of U.S. Foreign Policy by initiating and continuing action programs which promote positive relations between the command and foreign nationals, and which assist individual naval personnel and their families to work effectively, live with dignity and satisfaction, and function as positive representatives of the Navy and the United States while overseas.

6. Terminology. In accordance with this instruction, in addition to their headquarters location, DSOs and RLSOs may be organized into one of the following types of offices as necessary to perform the mission, functions and tasks delineated within this instruction within their assigned area of responsibility as set forth in enclosure (3).

a. Detachment (DET). An office will be designated a Detachment (DET) and assigned a Unit Identification Code (UIC) different than the UIC assigned to the respective RLSO or DSO Headquarters when it meets all of the following criteria:

(1) is located on an installation within the cognizant RLSO's or DSO's area of responsibility other than the installation where the main RLSO or DSO Headquarters is located;

(2) provides full-time legal services to Navy commands and eligible personnel;

(3) reports directly to the cognizant RLSO or DSO Commanding Officer according to the command's organizational chart; and

(4) has an officer-in-charge designated in writing by the cognizant commanding officer.

JUL 3 2012

b. Branch Office (BROFF)

(1) All other offices maintained by RLSOs or DSOs outside of the main HQ that do not meet the definition of DETs, as described above, shall be designated as BROFFs.

(2) A BROFF within the local area will normally retain the UIC assigned to the cognizant RLSO or DSO Headquarters.

(3) A BROFF outside the local area, as defined by appropriate guidance, should be assigned a separate UIC.

(4) A BROFF does not have an officer-in-charge within the meaning of references (e) and (f). The presiding officer aboard a BROFF is a branch head. Branch heads report via an officer-in-charge or department head on a command's organizational chart.

7. Functions and Tasks

a. Functions are requirements derived from the principal elements of and activity's mission; elements that differentiate one activity from another.

b. Tasks are requirements levied on an activity which are not directly derived from its mission but which are accomplished in connection with existing program policy directives or written tasking agreements. All tasking agreements must have chain of command approval and be in writing.

c. Functions and Tasks of DSOs are set forth in enclosure (1). Functions and Tasks of RLSOs are set forth in enclosure (2).

8. Action

a. In accomplishing the assigned mission, the Commanding Officer of each DSO will ensure performance of the functions and tasks set forth in enclosure (1) within the geographic area of responsibility assigned in enclosure (3). The Commanding Officer of each RLSO will ensure performance of the functions and tasks set forth in enclosure (2) within the geographic area of responsibility assigned in enclosure (3). Individual DSOs and RLSOs should be responsive to requests for the provision of legal services to commands, activities, and individuals outside of the assigned geographical area as the need arises. However, absent exigent circumstances, response to such direct requests

JUL 3 2012

from commands outside their assigned geographical area should be coordinated with the cognizant RLSO/DSO. To that end, direct liaison among commanding officers of DSOs and RLSOs in affected regions is authorized. Commanding Officers shall consult with COS-RLSO or COS-DSO, as appropriate, to resolve functional assignment issues not readily resolvable at the local level. CNLSC is the final authority for resolution of functional assignment issues.

b. Commanding Officers of DSOs and RLSOs with command authority and responsibility for detachments or branch offices shall delineate and assign, in writing, the mission, functions and tasks for such detachments or branch offices in a format consistent with this instruction and may propose changes or additions to the organizations of their commands as circumstances warrant.
